

CANDIDATE QUESTIONNAIRE

2020 GENERAL ELECTION

We believe strongly in informing the community about candidates running for public office. As part of our commitment to this effort, we present this questionnaire for candidates running for office. In this week's edition, we focus on local candidates. Next week we will publish candidate information for state and national races. SandpointOnline.com is also a great resource for election information, as well as the Bonner County Elections Page. Finally, don't forget to vote Tuesday, Nov. 3 if you haven't voted by mail already. Polls are open from 8 a.m. to 8 p.m.

The issue that means the most to me is the children of our community. I have dedicated my career to helping child victims and punishing offenders. It is a very difficult road for many, many reasons.

The justice system is far from perfect and makes holding offenders accountable sometimes impossible. It takes a heavy toll on the police officers, detectives, prosecutors and victim advocates helping these kids. Fortunately we have opened the LillyBrooke Family Justice Center and have utilized Ken, the Court-house Facility Dog. These were true gamechangers.

Our partnership with Kanik-su Health continues to grow and through these strides it is my hope we will help many more children in the future and prepare better cases against offenders.

I want people to understand the direct correlation between the abuse of narcotics and child abuse. Drugs are not a victimless crime when children are being abused and neglected.

Finally I want to say how proud I am to have served this wonderful community for so long. I have a great job!
